

CATALOGUE GÉNÉRAL
2023

Avec plus de 50 ans d'expérience, Super Cérame, qui fait partie du groupe Ynna Holding, est le leader marocain de la production des carreaux céramiques. Au fil du temps, Super Cérame a su mettre à profit son grand savoir-faire et sa créativité pour développer une large gamme de produits de différents formats, finitions et couleurs qui servent de revêtement pour sol et mur.

Ce catalogue révèle une panoplie de choix de carrelage empreint de modernité, puisqu'il lève le voile sur des designs inspirés par les dernières tendances sur le plan international. C'est aussi un voyage dans le temps, une rétrospective en quête de ce qui a fait la beauté d'antan, une authenticité qui sera reprendre la place de choix qui lui est due dans nos espaces de vies.

Autant de motifs et de textures à ravir les plus inconditionnels et où la nature, dans toutes ses formes, est mise en avant.

With more than 50 years of experience, Super Cérame, which is part of the Ynna Holding group, is the Moroccan leader in the production of ceramic tiles. Over the years, Super Cérame has been able to use its great know-how and creativity to develop a wide range of products of different sizes, finishes and colors that serve as floor and wall coverings.

This catalog reveals a wide range of modern tile choices, as it lifts the veil on designs inspired by the latest trends on the international level. It is also a journey through time, a retrospective in search of what made the beauty of yesterday, an authenticity that will resume its rightful place in our living spaces.

So many patterns and textures to delight the most unconditional and where nature, in all its forms, is put forward.

VERS UNE TRANSITION BAS CARBONE TOWARDS A LOW CARBON TRANSITION

Super Cérame, étant un acteur responsable, a mis en place, il y a quelques années une stratégie réfléchie pour accompagner une transition bas carbone, et ceci à travers la mise en place d'un certain nombre d'actions, notamment, en investissant dans la Recherche et Développement pour diversifier le mix énergétique et recourir de plus en plus à la biomasse, tout en misant sur la performance technologique à travers la digitalisation.

Super Cérame is a responsible actor who, a few years ago, set up a strategy to accompany a low-carbon transition, and this through the implementation of a certain number of actions, in particular, by investing in Research and Development to diversify the energy mix and resort more and more to biomass, while betting on technological performance through digitalization.

VERS UNE INDUSTRIE 4.0 TOWARDS AN INDUSTRY 4.0

Super Cérame a initié, il y a quelques mois, un défi de taille qui vise à porter son modèle industriel au rang d'industrie 4.0 à travers des usines connectées, robotisées et surtout intelligentes capables d'organiser les flux d'informations suite à un inventaire digitalisé qui va offrir une vue d'ensemble sur les processus de production et optimiser le temps de la prise de décision des opérateurs et améliorer en continu les performances de production.

Super Cérame has initiated, a few months ago, a major decision that aims to bring its industrial model to the rank of Industry 4.0 through connected, robotized and especially intelligent factories capable of organizing information flows following a digitalized inventory that will provide an overview of production processes and optimize the decision-making time of operators and continuously improve production performance, and optimize the decision-making time of the operators and continuously improve the production performance.
